## **DETAILED ACTION**

### ***Response to Amendment***

1. The response filed July 8, 2005 is acknowledged.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

### ***Claim Rejections - 35 USC § 102***

3. Claims 1-5, 9, 16, 17, 20, 22 are rejected under 35 U.S.C. 102(b) as being anticipated by George et al. (3,186,643).

George discloses a hose-end sprayer assembly comprising: a housing 20; a rotary valve 26; a vent path 90; means 92 for closing.

### ***Allowable Subject Matter***

4. Claims 6, 18, 19, 21, 23 and 24 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
5. Claims 7, 8, 10 and 11-15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Response to Arguments***

6. Applicant's arguments filed July 8, 2005 have been fully considered but they are not persuasive. Applicant asserts that he has invoked "means" plus function under 35 USC 112, sixth paragraph when he recites "means external to said housing and to said rotary valve for closing the vent path..." He further assert that the specification sets for the means for closing the vent path must be external to the housing and to the rotary valve. The specification appears to be absent of any guidance as to what the "means" plus function recitation encompasses or the equivalence thereto. Applicant is required to identify, by page number, line number and elements, what is encompassed by the "means" plus function recitation in response to this Office action. Even so, George et al. discloses a means 92 external to the housing 20 and to the rotary valve 26 for closing the vent path 90.

### ***Conclusion***

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
